**SCHOLTÈS IS BACK WITH OUR
NEW COLLECTION:**

EXPLORER

Technology and design

to bring creative freedom to the kitchen

Scholtès, a jewel of the French kitchen market, is reinventing itself with our new **EXPLORER** collection of highly precise kitchen appliances. With no need to worry about any technical difficulties, you can let your imagination run wild and try tantalising new recipes in your kitchen.

This collection includes ovens, cooking hobs, extraction hoods, cold appliances, washing machines and dishwashers, all of which can be integrated into your kitchen. We poured all of our expertise and experience into these high-performance and extremely intuitive appliances that bring you a range of useful features to help your day-to-day kitchen operations.

EXPLORER appliances also stand out due to their ergonomic and crisp design with top-end materials, resulting in a fantastically modern and elegant look that will integrate beautifully into any kitchen.

About Scholtès

Founded in 1922 by Eugène Scholtès in the Moselle region of France, this iconic top-of-the-range French appliance brand celebrated its triumphant return to the French stage when it was acquired by Schneider Consumer Group in 2017. On the eve of its centenary, Scholtès is bolder and more inspired than ever, aiming to reinvent the culinary arts by offering high-precision appliances that tantalise all the senses.
