SCHNEIDER

THE BEAUTY MINI REFRIGERATOR

A mini fridge just for one's precious bottles: every beautysta's dream!

Most beauty products contain **active ingredients that are sensitive to light and heat**. What's more, the cold boosts the active ingredients that firm the skin and decongest the face. The **BEAUTY MINI REFRIGERATOR** is the ideal solution for **preserving the effectiveness of the products!**

Available in 5 L and 9 L capacities, it features **shelves** for easy storage, a LED **makeup mirror** and a **carrying handle** (in leather in the 5 L version).

The 9 L version of the **BEAUTY MINI REFRIGERATOR** not only **extends the shelf life of products by cooling them**, but can also **heat them to boost their effectiveness when necessary**, for example for a pore-opening mask.

Bonus: with its elegant, compact design, this mini cosmetic fridge will blend in with any décor.

BEAUTY MINI REFRIGERATOR

5 L capacity - €69.99

9 L capacity - €89.99
